Parents are Saying ...

Absolutely fantastic service. I'd highly recommend it to other parents and students. Exceptional in all respects and very informative.

— Parent of a Senior

Our kids had never thought much about those issues at all or had the topics introduced by anyone else. I think it was a real eye opener and thought / analysis expander for them!

— Parent of a Senior and a College Student

School Administrators are Saying ...

The Greenwood System 120™ provides the students and college counselors with the information they need to make important decisions about classes, internships and college. The results are amazingly accurate and powerful.

— Head of School, CA

The GS 120™ gives our kids focus and direction. Having a career direction has increased their drive and made them grittier.
